## FARRAND FINDS RECORD BROKEN

While going over the circuit court docket yesterday Judge Farrand, interested in the knowledge that all previous records for cases being settled had been broken at the present term, compiled a list of cases disposed of. He finds that during the September term over one-half of the total number of criminal, common law and chancery cases have been stricken from the docket, a remarkable record.

## MANY WOMEN VOTED TUESDAY

FIRST OPPORTUNITY TO VOTE ON THE SALOON QUESTION.

Women swarmed to the polls on Tuesday in 25 Illinois towns and, with few exceptions, dealt savagely with the liquor interests. It was their first opportunity to vote directly on the saloon question under the local option law, as permitted by the statutory suffrage act passed by the last general assembly.

Incomplete returns from the territory affected, which is chiefly in the river counties in the extreme southern part of the state, show that the women were ready to vote, and they were against the saloon in the ratio of about four to one.

Nearly one hundred acceptances have been received for the Men's club banquet at the Y. M. C. A. tomorrow evening and therefore the success of the first meeting of the season is assured. Naturally much interest is being taken in the address to be made by Warden E. M. Allen of the Joliet penitentiary and doubtless many who are not members of the club will avail themselves of the action of the officials in throwing open the gallery at the association after the banquet for the admission of all who desire to hear the warden's remarks.

Members of the club who will attend tomorrow evening's banquet, and who expect a seat to be reserved for them, must so announce to Secretary Bailey before the association building closes this evening. Otherwise they will be very likely to be disappointed in securing a plate.

## MY MESSAGE TO MEN

I NEVER DISAPPOINT MY PATIENTS—I FULFIL EVERY PROMISE AND NEVER HOLD OUT FALSE HOPES

Honest Treatment

You Pay For Results Only

## DR. J. BLAIR GUTHRIE

THE SUCCESSFUL AND RELIABLE SPECIALIST WHO HAS CURED SO MANY IN ILLINOIS, WILL BE AT

The Nachusa Hotel, Dixon, Ill., Friday November 7th from 11:30 a. m., to 7 p. m. and return every four weeks.

CONSULTATION, EXAMINATION AND ADVICE FREE AND CONFIDENTIAL

I want to talk to every sufferer from varicocoe, blood poison, nervous sexual debility and all diseases peculiar to men. The fact that you have treated elsewhere without benefit and are skeptical does not discourage me in the least; nearly all my patients tell me of the same experience. I am curing these men every day and feel sure that I can do the same for you. I specially solicit these stubborn, chronic, seemingly incurable cases. Men who realize the seriousness and gravity of their condition and will appreciate benefits conferred and the lasting cure I give come to me for free consultation. I will then explain how different, better and more curative are my methods of treatment than those possessed by others. My special training and long years of experience in treating all chronic, nervous, blood, pelvic and special diseases and weakness of men, gives me many advantages over the ordinary physician.

If afflicted it is well worth your while to come and consult me, rather than subject yourself to dangerous, experimental treatment at the hands of some self-styled specialist. These false specialists have never received special knowledge, possess no curative powers and are not true specialists in the proper sense of the word. My sympathy is enlisted with every patient. The curing and building up of weak, broken-down men is my life-work. The welfare and cure of my patients is my only thought. My independent fortune makes the fee a secondary consideration. I differ widely from the grasping doctor, who thinks only of his fee and cares nothing for the suffering of their fellowmen. Investigate before treating elsewhere, it may save you from years of suffering and be the means of changing your whole future. If afflicted, do not delay; call on me today. My specialties are more fully commented upon below, and are well worth the careful perusal of every weak man.

## YOUNG MEN.

Have you, through indiscretion and abuse of nature's law, broken down your health and manhood? Are unnatural drains slowly sapping your vitality? Your pimpled face, dark circled eyes, stooping form, stunted development, bashful manner proclaim your folly to all the world and mar your success in business, pleasure or society. Don't despair, I can rid you of all the symptoms, prepare you anew for married life and make you once more a man among men.

## VARICOCELE.

Neglected varicocoe undermines the physical strength, deranges the mental faculties, racks the nervous system and produces a complete loss of sexual power. I guarantee to cure the most aggravated cases of varicocoe without pain, suffering or inconvenience. Not only do I give you internal constitutional remedies but I also employ a local treatment direct to the weakened parts; a healing circulation of blood is quickly re-established and the wasted glands are enlarged, vigor and vitality are restored. Every trace of weakness disappears; the spermatic cords resume their normal size; the losses and drains of vigor cease; the weak seminal ducts are strengthened; you become stronger and better in every way and will soon possess the sense of being well which accompanies good health and robust manhood. Don't experiment. This is a delicate disease. I have cured thousands of the worst cases without a failure or recurrence. What you want is the request, safest, surest, cure obtainable, and this I am prepared to give you.

Excesses and dissipation have wrecked many lives. Is your wrecked system crying out for help? Are you nervous, irritable and despondent—are you growing weaker; your manhood is on the decline and will soon be lost unless you do something for yourself. My long experience has rendered me thoroughly familiar with all the causes and effects of nervous debility and I have lifted up enough fallen men to make an army. My

treatment will remove all the ill-effects of your former folly. Check every drain of your vitality, invigorate the wasted pelvic organs, clear up the clouded brain and quickly restore you to what nature intended—a healthy and happy man, with physical, mental and vital powers complete. Avoid free prescriptions and temporary stimulants. I guarantee a permanent restoration.

## MIDDLE-AGED MEN.

You are reaping the penalty of neglected youthful sins. Dissipation, excess, private and blood diseases have ravaged your system and undermined your already weakened vitality. Weaknesses have developed into organic disease. You are prematurely old and not the man you should be. Your manhood is on the decline and will soon be lost. Awake to the true condition. I can restore you to perfect health and manhood with special physical, mental and vital powers complete.

URETHRAL OBSTRUCTIONS.

My cure for Prostatitis is safe, painless and permanent and free from surgery in every form. Every obstruction of the urethra is forever removed, all discharges soon cease, inflammation and soreness are allayed, the prostate gland and bladder are healed and the entire urinary tract is quickly restored to its normal healthy condition. #### CHAMPION TYPIST.

Miss Margaret B. Owen is the champion typewriter of the United States. At least at a show which was open to the whole country she won the first prize. No sooner had she done so than she announced that she was to be married. At once the company for whom she entered the race showed its disapproval and she then said she would not wed for a year. During that time she will continue to work for the company. Miss Owen took 125 words a minute for one hour. The best previous record was that of Miss Florence E. Wilson last year with 117 words. No sooner had she won than she wedded G. G. Rails of Milwaukee.

Miss Owen's employers were thinking of Mrs. Rails when they backed Miss Owen into a corner, made her confess that she was contemplating matrimony, and persuaded her to sign a year's contract. They asked her at the same time where she and Lon F. Hancock, the young man to whom she is engaged, met. She said in Savannah, Ga. They said they were sorry they ever sent her there. There is nothing in the contract that would compel the company to order Miss Owen to exhibit in Louisville.

#### Phidian Art Club.

The Phidians met with Mrs. O. J. Downing Tuesday afternoon. The program opened with a vocal number by Miss Mary Hauser, "The Rose the Garden," which was much enjoyed and for an encore Miss Hauser gave "Because."

Mrs. Law then explained very clearly some important parliamentary laws.

The paper of the afternoon was given by Mrs. Ahrens. She told of Bergos, the Gate of the Sun of tracing the little town back to the 9th century. It is well built with fine squares but crooked streets contains a cathedral of Gothic architecture.

The Esplanade and Hotel de Ville are noted. In the latter is buried the Cid and his wife.

Madrid with its poor streets and hard climate, was described. The most noted building is the art gallery, opened to the public in 1819, containing many famous paintings. The Escorial, called the eighth wonder of the world, is built on a lonely site on the mountain of marble and stone. It is remarkable for its size and contents. It has 1,200 windows, 16 courts and 68 fountains and a fine gallery and library. It has a beautiful chapel with a sepulchre for royalty on it. Though so large and costly, the whole effect is monotonous and cold.

After the program the hostess served delicious refreshments, assisted by her daughters, Mesdames Stager, Downing and Moss.

White, lead him to be believe that possibly another attempt was being made to rob the institution, and accordingly he aroused the local police. Investigation showed that the auto parties were Polo young people who were returning from Dixon.

#### Stick to the Boys.

While General Baden-Powell was in America he told Colonel Livingstone, the president of the American boy scouts, of his conference with King George. Naturally it was desired by his sovereign that he devote his life to the army, but when he had returned from the war, a hero of the battlefield on the African veldt, he felt that his real life must be devoted to the boy scout movement. He so informed the king, but as a loyal subject he bowed as he said: "I leave it to you, your majesty, what shall it be?" "The army," replied the king. "Then I am to abandon the English boys. Who is going to take up the task?" The king reflected a moment and then replied: "Stick to the boys, Baden-Powell." In that moment by the wish and command of his sovereign, the life work of Baden-Powell was determined, consecrated and confirmed.—National Magazine.

#### Modern Conditions.

Booth Tarkington, at a dinner in Indianapolis, praised the English miners for striking for a minimum wage of five shillings a day. "The poor fellows," said Tarkington, "only average five days' work a week. Thus the minimum they demand is only 20 shillings, or \$2.50. I hope with all my heart they get it." Mr. Tarkington paused to light one of his Egyptian cigarettes—cigarettes as big as small cigars—then he continued: "What's the world coming to? They are reducing wages at such a rate that nowadays a girl can hardly hope to marry unless she's got an income or a profession. I heard a modern bachelor say the other day philosophically: 'Oh, yes, marriage, no doubt, has its charms, but, as for me—well, in these days of dear living, give me a job without a wife rather than a wife without a job.'"

## DIXON OPERA HOUSE

Love stories of the good old fashioned kind have not gone out of style. This is demonstrated by the remarkable favor accorded Lavender and Old Lace, the new play fashioned by David G. Fischer from Myrtle Reed's delightful book of the same name, which the United Play Co., Inc., is sending to the opera house tomorrow night with Sarah Padden in the star part.

This play, produced in Chicago early last summer, met with speedy favor. The critics praised it and the public filled the theatre for several weeks despite the fact that the thermometer during most of the run hovered close to the century mark. Of Hall in the Journal said: "It provides an abundance of comedy." Frederick Hatton in the Post expressed the opinion that the play would have a long career and the Chicago Advance made comment: "It is a love story as fragrant and exquisite as its title."

In footlighting Miss Reed's story, Mr. Fischer has taken few liberties with the text so that the thousands who have read and love this simple story will find their favorite characters true to life upon the stage.

Lavender and Old Lace promises to prove one of the most delightful of the season's attractions. Seats are now on sale at Campbell's drug store.

## FAMILY THEATRE

The Family will offer a two reel film this evening called the Fuedists, featuring John Bunny and Flora Finch. The story deals with two families living side by side at war with each other. A swarm of bees and the engagement of their children put an end to their hostilities. The other picture is the Sweat Box, a comedy.

## Open at 7:30.

The pictures of Quo Vadis will open at 7:30 this evening at the opera house, instead of 7.

Do not overlook the classified ad page in this paper. The Telegraph is the best advertising medium in northern Illinois.

Dementown  
Doings

Until the real editor of this paper returns from his hunting trip, the appearance of this col. is likely to be spasmodic.

Which, however, should not be interpreted to mean that we wish any of its readers to become addicted to spasms.

Which some of them are likely to do when they stop and think that had the Seventh street macadam project gone through all of the traffic would not take Third street as it may do when the pavement is completed.

Some good dictionary compiler should have been in this office yesterday afternoon when the front page was "pied." He would have heard some language he never did before, and probably would have had one heluva time in finding it in any lexicon that was ever published. But one thing is sure, the listener would have had no trouble in ascertaining the meaning of what was heard.

The mess of type, leads and slugs resembled in many respects that famous pile of wire—and for printing purposes last night was just about as useful.

But the pied mess was cleaned up and saved for future use a whole lot quicker than any change you ever noticed—or ever will notice—in the aforesaid wire pile.

We note, after reading the Sterling Gazette, in which the words "Sterling and Rock Falls" are used whenever either city is spoken of, that Sterling and Rock Falls are as one—which we might believe if we weren't acquainted with conditions there. The Gazette should change its name and become "The Sterling and Rock Falls Evening Gazette."

## IN MEMORIAM.

Once more the excellent marksmanship of Utility Officer Peter Duffy has been demonstrated, according to reports which are being circulated around the city hall. It is said that one day last week Mr. Duffy was called upon to shoot a dog. He responded to the call and commenced shooting. After eleven shots—which were all he had with him—he sent one of the firemen for more ammunition with the admonition to "Hurry, I've got him crippled now so he can't get away." The dog finally died, but whether from the effects of the bullets or from exceeding and great mirth is not known.

"CASCARETS" RELIEVE  
SICK, SOUR STOMACH

Move Acids, Gases and Clogged Waste from Liver and Bowels

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

MITCHEL ELECTED  
BY PLURALITY  
OF OVER 111,000

Sulzer Carries His District—  
Prendergast and McAneny  
Also Win.

## TAMMANY CHIEF IS ROUTED

Murphy's Power Is Endangered by  
Terrific Landslide—Republicans  
Gain Power in the New  
York Assembly.

New York, Nov. 5.—John Purroy Mitchel, Fusion candidate, was elected mayor by a plurality of 111,000.

The other members of the Fusion city ticket were victorious. William A. Prendergast was elected controller by 25,000 and George McAneny was chosen president of the board of aldermen by 58,000. A majority of the board will be fusion.

Tammany will have but one vote out of sixteen in the board of estimate, which controls the city's purse.

The total vote for mayor on unofficial returns is:

For Mitchel (Fusion) ..... 334,880  
 For McCall (Tammany) ..... 223,669

May Give Arms to Rebels.

William Sulzer, whose impeachment as governor heightened the campaign against Tammany, was elected to the assembly from his East side district by 2,000.

Murphy Rule in Danger.

Thomas F. Smith, secretary of Tammany hall, conceded Mitchel's plurality would reach 100,000. He said also that little if anything would be saved to the Democrats. This was taken to mean that the Tammany county and borough tickets would be swept to defeat by the avalanche of fusion votes.

Such a result would mean that the historic organization would be weakened as never before in recent times, that the Murphy dynasty would be dangerously imperiled and that without question a movement would be started, with national approval and encouragement, for the rebuilding of a new Democracy in New York city and state.

James J. Martin, one of the most powerful leaders in the Tammany organization, declared that the defeat meant the overthrow of Tammany. "It means further," he said, "that Mr. Murphy must walk the plank."

Mitchel to Fight Murphy.

When Mr. Mitchel arrived at fusion headquarters he received an ovation and was kept busy answering the congratulations bestowed upon him.

"What are you going to do about Murphy?" he was asked.

"By not recognizing either him or anyone connected with him," Mitchel replied. "I am going to do all I can to drive him out of business."

McCall retired early. He took the announcement of his defeat calmly.

McAneny Aldermanic Head.

George McAneny is elected president of the board of aldermen, with the prospect of becoming mayor should anything happen to take Mr. Mitchel away. He wins by 50,000 plurality at least over Joseph A. Goulden, Tammany's candidate.

William A. Prendergast is elected comptroller over Herman A. Metz by about 25,000, due undoubtedly to the attacks directed especially against his candidacy.

Marcus M. Marks is chosen borough president of Manhattan over Dr. Thomas Darlington (Tammany) by 14,000. Tammany even loses its county ticket in New York county. It had lost the board of aldermen.

In the Bronx Mr. Mitchel polled an enormous vote. Indications were that his plurality would be from 15,000 to 18,000 there. The fusion borough president was elected, but the indications were that the local Democratic ticket would be elected by a fair-sized majority.

With all the police captains shifted to new precincts, 700 picked detectives assigned to arrest recognized criminals if they appeared to vote, and thousands of watchers of the Honest Ballot association at the polls, the election was one of the quietest in years. There were only about one hundred arrests for illegal voting and most of these men were discharged.

## PREPARE FOR WINTER SIEGE

Stores Will Be Opened to Distribute Necessities to Miners.

Calumet, Mich., Nov. 5.—With no hope of a settlement of the copper strike in sight, the strikers began preparing to carry their fight for recognition of the union through the winter. Stores have been opened at Hancock and Red Jacket by the Western Federation of Miners, and others will shortly be started at Laurium, Ahmeek and South Range.

These stores will be stocked with necessities contributed by strike sympathizers and labor unions and will be the distributing centers in their respective districts.

Ogden Mayor Is Re-Elected.

Ogden, Utah, Nov. 5.—A. G. Fell, first mayor here under the commission form of government, was re-elected by 2,144 majority over Dr. H. M. Rowe. Others chosen were Chris Flygare, four-year commissioner; A. F. Larson, auditor, and W. P. Reeder, Jr., police judge. There were no party designations.

Get Immediate and Effective Relief  
by Using Hyomei.

Hyomei is nature's true remedy for catarrh. There is no stomach dosing—you breathe it.

When using this treatment, you breathe healing balsams and effectively reach the most remote air cells of the throat, nose and lungs, the catarrhal germs are destroyed—quick and sure relief results.

Hyomei often restores health to chronic cases that had given up all hope of recovery. Its best action is at the start of the disease when the breath is becoming offensive and constant sniffling, discharges from the nose, droppings in the throat and frequent sneezing, or that choked up feeling begin to make life a burden. At the first symptom of catarrhal trouble, such as crusts in the nose, watery eyes, hawking and morning choking, surely use Hyomei and see how quickly you get relief. All druggists sell it.

The complete outfit, including inhaler and bottle of liquid, if later needed, 50 cents. Hyomei is sold by Rowland Bros. with guarantee to refund the money if it does not give satisfaction.

Friday night the Princess will show a special feature entitled The Land of Dead Things, in two reels.

This is a story of the far west showing a devastating sand storm on the desert in which an emigrant train becomes lost and one family is left in the desert, the mother and little girl are captured by Indians and the father goes to rescue them. Also showing a hand to hand struggle between the Indians and settlers, and closing with a battle to death between the U. S. troops and Sioux Indians.

HOW ONE  
WOMAN WON

Her Health and Strength Back  
Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

## Dr. E. R. PERKINS

A True Specialist Will be at the  
HOTEL NACHUSA ONE DAY, Friday  
NOV. 7th, 1913

Dr. Perkins' Famous Method of Extracting Teeth Without Pain, Is entirely different than any known to the  
Profession. The greatest of all dental successes of the 20th Century because of  
The Absence of Pain, Danger or After Effects usually Produced by the older  
Standard Methods.

We have thousands of grateful patients in Ill. Iowa and Wis. Endorsed by officials and professionals, high  
and low, in the principal cities. Expressions of gratefulness on every hand for such wonderful relief. Peo-  
ple who have held a mouthful of bad teeth, old stumps, and snags for years because they were always  
nearly killed by tooth extraction (the old way), express their gratitude as follows: "Well, that's something  
like it." "That's worth a hundred dollars to me." "Oh, this is simply wonderful. Is it not?" "Doctor, you  
do not charge enough." "That beats anything I ever heard of." "You are worth your weight in gold." "You  
are a Godsend to suffering humanity." "Doctor, you are a wonder." "Gas and chloroform nearly killed  
me." "I would believe no one before." "I waited 30 years for you to come. I thank God you came." "I shall  
sing your praises." "Count on me to advertise your method." Thousands of such expressions in the twenty-  
two years' practice in this specialty proves beyond a doubt that the method is perfect. Why have contin-  
ued poor health from bad teeth, when relief is at hand? Remember the element of fraud does not enter  
into my business, for no sane person will sit and have 15, 18 or 25 teeth taken out if they are getting hurt  
with a painless method. No sir, they would quit, same as they have before. But we clean out the mouth,  
any number, without pain. Physicians and dentists are invited to witness operation. If you do not be-  
lieve, try one tooth, and then if you need more, you will be positive of the result. Arrangements have  
been made to furnish plates to patients who have mouths cleaned out, so that the price paid for extract-  
ing will be allowed on the price of the plates. Office hours, 8 to 5 only. Hotel Nachusa, Nov. 7 and regular  
visits thereafter. Lady attendant. Sterling, Galt House, Nov. 8.

Those Passionate Sicilians. Signor Grasso and the rest of the Sicilian players at the Hippodrome would electrify the most blasé player. "La Zolara" is their strong dramatic fare this week—the story of a foreman at one of the Sicilian sulphur mines, an overbearing man who tries to make love to the wife of the manager. A simulated friendship infuriates the husband, who suspects that he is the victim of treachery, both on the part of the mine foreman and his employer. He sets the mine on fire and murders the foreman. Such is the story which Grasso and his company unfold with a force and directness that carry the audience with them through all the tense moments of the tragedy. The Sicilians are great!—London Daily News.

The kidney action was irregular and I knew that my kidneys were disordered. Seeing Doan's Kidney Pills advertised, I got a supply at Leake Bros. Co's Drug store. ### In Fly Time.

Judge J. M. Johnson, in the court of appeals of Kansas City, said recently that if a man made a drudge of his wife she was entitled to a divorce. "There's a type of man that marries a woman cause he loves her," Judge Johnson said the other evening at a banquet, "and then he proceeds to make her a slave. These honeyed words of love, followed by this slavery, call to my mind a little Kansas City girl. She stood before a window, watching a fly that buzzed on the pane. 'Fly,' she said, 'does 'oo love heaven?' And impersonating the insect, she answered the question with a whispered 'Ess.' 'Fly, would 'oo like to go to heaven?' A pause, and another whispered 'Ess.' Then—Bang! The poor fly was crushed on the pane, and the little girl said triumphantly: 'Now 'oo's there!'"

### Pretty Girls Play Fair.

Because homely girls were not treated as well as the pretty girls when the work was given out in the white goods factory of B. Apotheker, 120 of the pretty girls went on strike and soon won it. A member of the executive board of the White Goods Makers' union said: "The pretty girls got the 20-cent work and the homely girls the 15-cent work. The pretty girls did not have much to say about this, but when the homely girls complained to the pretty girls, the pretty girls sympathized with them. The homely girls and the pretty girls decided they would stand by each other. They took the case to the union, and a strike was ordered."—New York Dispatch to the Philadelphia Record.

### Near Bow Bells.

"Arnold Bennett dined with me at Maria's," said a New York magazine editor, "during his American visit. While we were on the first course at Maria's Bennett told me a story about the cockney accent. 'The cockney accent, it seems, turns 'make haste' into 'make 'iste'; and 'th' it turns into 'v' or 'f'—thus 'father' is 'faver' and 'thistle' is 'hisle' in cockney. A little boy in the New Cut—so, after that introduction, Bennett began—'once said to a fishmonger: 'Gimme a haddie.' 'Finnan?' the dealer asked. At this the little boy laughed knowingly, with the air of one determined not to be cheated. 'Fin un?' he said. 'No, not likely. Flick un!'"

## HEATING STOVES

If you want a first-class Heating Stove one that will burn any kind of fuel, that will keep a hot fire all night, and have fuel to spare, the next morning, and that will keep doing this for 20 winters, buy a Beckwith Round Oak or a Coles Hot Blast.

They are simple, durable, easy to take care of, great fuel savers and fire keepers.

You don't have to take our word for it. We have sold nearly 2000 of these stoves. You will find them in every neighborhood. Ask the people who use them. You will get the genuine here. **PRICES \$10.00 to \$31.00.**

Goldfloss K. P. & Ceresota flours all fresh goods and never any better in quality than this fall and best of all unlike most other eatables no advance in price.

Goldfloss and K. P. \$1.30 in single sacks, \$1.25 per sack in 5 sack or \$1.20 in per sack in 10 sack lots.

Ceresota flour \$1.50 in single sacks. \$1.45 in 5 sack lots, and \$1.40 in 10 sack lots.

Ceresota is a hard spring wheat flour made from Minn. and Dak. wheat and is a stronger flour that will make more bread than a softer wheat. Goldfloss and K. P. is a hard winter wheat grown in Kansas. The quality is good but not as strong a flour as northern grown.
